

## **ECEJ Leadership Team Meeting Notes**

Monday, March 28, 2016

- **Immediate Office Updates**

- ♦ Suzanne

- SLT Updates

- During the budget hearings, the EPA's 114 actions were discussed.
- Art is continuing coordination on the Wheatland issue.
- The Pavillion issue is posted on the website as are the EPA's comments to Wyoming.
- Last week there was a tour of CFAC for Senator Tester.
- The RA spoke with the Utah Governor last week regarding a possible potential reservation-specific FIP for the Uintah & Ouray Reservation.
- Darcy gave an update on the lead and copper rule - Wyoming school systems have voiced issues with the rule that requires submissions of tests for lead levels in water; there is an upcoming IG inspection that will be looking at UST tanks on tribal lands.
- Aaron provided an update on inspection of Wind River solid waste transfer stations; will coordinate with WY DEQ.
- Suzanne provided an update on Whiting 114 and EJ 2020.

- IO Office Updates

- March is ECEJ's turn to submit their Telework agreements. Please review Jackie's email notification that there are now new forms to complete for this year.
- The ED/RC call will occur today at 11:00 in the Juniper room.
- R10 has been doing some OSC work on ozone depleted substances and found an upward increase.
- R2 is presenting a Next Gen settlement concept for anyone's information at 12:00 today.

- RTOC Updates

- Some Tribes expressed concerns with lack of attention from some offices, to tribal involvement with issues; although they expressed appreciation for the level of importance R8 gives to their involvement such as in face to face meetings. They would like more opportunities for those interactions.

- 

- **Follow-up/Pending Items**

- ♦ Aaron

- Deputy Updates

- Fourth Qtr. Hiring - We hope to hear the results today from the most recent results on ECEJ's hiring numbers and what restrictions there are, if any, on EPM funded FTEs. EPM money (including Civil Enf. and Compliance Monitoring) is extremely tight, but we do have superfund money available.

- **Lightning Round - topics of high interest**

- Andrea

- We have received the signature pages on the Nelson Tunnel and Gilt Edge settlements. Site attorneys are drafting press releases.

- Kim

- Shirley Mlachak the new SDWIS coordinator starts on April 17<sup>th</sup>.
- Richard Archuleta has taken on the FFPM role on a temporary to possible permanent basis.
- A few comments are coming in on the Resources Assessment Draft.

- KC
  - Slawson wants the EPA to make another offer. They can't meet again for a couple of months due to employee leave.
  - The Wyoming Governor signed an amendment to the trespass law. Legal is now putting together some SOPs for inspector's traveling to Wyoming.
